A National Geographic survey of American 18-24-year-olds found that 75 percent were unable to identify Israel on a map.

Like many of you, I am concerned about the ignorance of American students when it comes to the Middle East. They are misinformed by social media and the press, deluded by their boycott promoting classmates and indoctrinated by professors with political agendas.

Students used to go to the library and read books about the Middle East to learn about the various sides of the issues and come to their own conclusion. Today, most young adults look for information on the Internet.

<<http://files.constantcontact.com/e6834045001/6f0016dd-13b1=48eb-a429-3ca652e00037.png>>

The Internet, however, is not a benign source of objective information. In fact, it has become the world's leading source of Israel bashi-g, anti-Semitism and Holocaust denial.

We are dedicated to ensuring that students of all ages have access to the best information available. It must be accurate, credible, nonpartisan and easy to find. Since 1998, AICE has created a one-stop shop to find anything you need to know from anti-Semitism to Zionism. Today, the Jewish Virtual Library (JVL) attracts nearly one million visitors from more than 200 countries each month.

The JVL has roughly 25,000 entries and 10,000 graphics, including historical maps of Israel to help students learn its location. As one experienced Jewish educator explained, "The JVL is the go-to source my students use for fact-based research pertaining to Judaism, Israel, and the Holocaust."

For high school students - who too often receive little or no education about Israel - the JVL is an intellectual lifeline they can hold onto throughout their college years to find answers to the questions that vex them and factual responses to the anti-Israel propagandists they may encounter inside and outside the classroom. It was no coincidence the JVL welcomed a record 1.3 million visitors during the month that detractors sponsor annual Israel hate weeks on campuses across the country.

Too many students are joining the anti-Semitic boycott, divestment, sanctions (BDS) movement out of ignorance. They don't recognize its goal is the destruction of Israel. The JVL - as well as our StopBDS.com site --- offer students the information they need to understand the nefarious goal of the boycotters.

A new school year has begun and students will be challenged inside and outside their classrooms and they need a source for answers to their own questions as well as responses to the lies and misinformation they encounter

It is no easy to document more than 5,000 years of Jewish history while trying to keep up with contemporary events. We need your help. To continue growing, we must add researchers and writers, and have the resources to cover the cost of maintaining such a large site.

Any tax-deductible donation for AICE's general operating expenses would be greatly appreciated, but if you would like to literally be a part of the Jewish Virtual Library, you can become a sponsor and your name (if you agree), or that of someone you would like to dedicate the contribution to, will be acknowledged in the Library for the coming year.

- * For \$100 you can sponsor a page in the Library
- * For \$500 you can sponsor a topic (e.g., US President & Israel in the US-Israel Relations category)
- * For \$1,000 you can sponsor the News or Today in Jewish History page (choose one)
- * For \$2,500 you can sponsor the Virtual Jewish World Tour, Featured Video or Podcast (choose one)
- * For \$5,000 you can sponsor the Virtual Israel Experience
- * For \$10,000 you can sponsor the Myths and Facts Exclusives (myths/facts added after the print edition is released)
- * For \$25,000 you can sponsor one of the 14 main library categories

Please note the page, topic or category if you choose one of these options.

Thank you for your generous support.

Sincerely,

<http://files.constantcontact.com/e6834045001/720ef57-e5aa-469b-b11a-4eddf638eb1.jpg>
