Dear Mr. Sultan, Isti a=d Jim,

Dr. Cara Agerstrand will b= the primary point of contact except when she is away on vacation next week= Susan Tanzi Pfeifer is our ECMO Program Manager and is central to our oper=ations (and everything we have done so far with the transfer) and will, no d=ubt, be very helpful to you with anything you need. Brian Van Velzor will c=ntinue to help with all logistics as well from the hospital side.

We=recognize that it is difficult to have her so far away until such time as y=u are able to obtain visas and visit. So it will be important to ensure tha= you are update on any changes in her condition.

Currently, Ms. Al Riyami's oxygenation is much impro=ed with changes to the ECMO by Dr. Bacchetta and with removal of fluids whi=h the team has been aggressively pursuing even from the beginning of the tr=nsport. Her PaO2 (the partial pressure of oxygen in the lungs was over 300,=far better than the 50s-60s that she has mostly been, allowing us to turn d=wn the ventilator to 40% FIO2 which is to say, 40% oxygen). We are resting h=r lungs on the ventilator, reviewing the pathology with our specialist lung=pathologist and will update you further as significant developments occur.<=:p>
