Clarification from Larry Delson re how to count the day of travel...! This being the case, your day count for May given the tentative schedule, would be 21 days for the month of May.

Hi Lesley

No, I believe a day that Jeffrey travels from the U.S. to France will still count as a U.S. day (and if from New York, a New York day). Likewise on the return. The distinction as I understand it is how up to 30 days in which he is neither in the U.S. nor the V.I. will be considered V.I. days
