Hi =imon

Please check / confirm the following onshore =eal reservations for the charter clients & =dvise

Captain, I would like to tell you a bit about our =roup.  My husband, Les Bentley, and his partner, DAVE JOHNSON!, =wn a large hospitality management company, based in Dallas, =exas.  Les and Dave are hosting this cruise for the executive =taff of Aimbridge Hospitality and their spouses.

Obviously, with this group, plans for food and beverage service =re very important.  We would be very interested in including =unches or dinner on shore, as well as al fresco meals on the =acht.  When it is convenient, I would appreciate a proposed =tinerary;  Sophie Aubertin  has suggested the =ollowing:

Bonifacio,
Ponza,
Ventotene,
Ischia,
Capri,
Positano,
Amalfi,
Sorrento, =nd
Naples.

We do understand that it is possible, due to =eather, we will embark in Porto Vecchio.

 If this is, in =act, a good itinerary for us, is it possible to consider the following =nshore meals:  Terme Manzi Hotel & Spa, Ischia;  Da =aolino, Capri (preferably dinner), and Sigilgada at Ravello =lunch)

I =ave the online brochure which gives us most of the information we =eed;  however, could you please tell me what adaptors are needed =or personal phones and tablets.  Most of us have Apple products =hich have an international charging kit and adaptors for all =reas.  Also, at what time may we board Te Manu in Bonifacio and at =hat time must we disembark in Naples.

Thank you for your =ind attention to these items.  We look forward to meeting you and =our crew in June.
