Hi =ob,

I do not believe that the original set was sent =o Myla's doctor in the Philippines but a complete set of copied =ocuments is still onboard in the ISM file =nbsp;

I will continue searching for the =riginal documents - Myla is on leave & spending time in Florida =ith family but I will check with her when she is back onboard in a few =ays

Hi Dave,

Have done another search but no Medical Report. We were aware =hat Myla had attended a Gyno Clinic as it is reported in your Safety =eeting 6th Oct. <=div>

Just a thought, was a copy sent to her Doctor in the =hilippines?

Hi Bob,

I was also unable to find any record of Medical Report # 16 being sent to WYM in the DTN reports which is why I assumed it must have been included with the document presented onboard upon conclusion of the Internal Audit (Viareggio) October 2015

I will ask Myla to recheck all files in the event the report was misfiled onboard

The location of the Original Medical report has been discussed on a number of occasions & Myla recalls that the original documents were forwarded to WYM in order for the Medical insurance claim to be processed ?

Dave,

Diana and I just checked and we can find no record of this. There is nothing in the DTN file.

Could you send us another copy please

Hi Bob, Allan,

As the Original Medical Report # 16 contained + 10 pages of Doctors notes / comments the document was either forward via DHL / Fedex with ISM monthly reports / accounts September thru November 2015 or provided to you "By Hand" upon conclusion of the ISM Internal Audit report conducted Viareggio October 2015

The original Medical Report was provide to WYM in order to process the medical Insurance claim for treatment received & may have been retained by the WYM team member dealing with the ongoing insurance claim

Please check with Diana & advise when Medical Report # 16 has been located

Best regards

Subject: Myla Trestiza Medical Treatment & Travel Request

Hi Allan, Bob,

Confidentiality Assumed

Medical Report # 16 (Ref: Myla Trestiza) remain's OPEN - Please review details forward to WYM via mail in October 2015

As per the Examining Doctors report Ms Trestiza will require OB / GYN surgery to remove a Uterine Myoma

Myla has been in contact with her family OB / GYN doctor in Manila & has been advised that the surgery should be scheduled within the next 2 - 3 months & the post operation recovery time is estimated to be 3 - 4 weeks

In view of the yacht's busy schedule from October 2015 thru February 2016 and the non-urgent nature of the treatment required no surgery has yet been scheduled but it will now be necessary for Myla to schedule an appointment in order to complete the surgery required before MY Te Manu returns to Europe for the start of the Mediterranean Charter season.

In order for Myla to have sufficient time to recover from the operation and return for the start of the Johnson Charter on the 20th June 2015 it is suggested that arrangements now be made for Myla to return to the Philippines as soon as the Hanna Charter ends in May 2016

Best Regards
