hi babe=- hope the rest of your holiday was good - i guess you are on the way back=to new york. i was riding the bicycle after work the other day, fell off a=d dislocated my collar bone. went to hospital yesterday and they operated =n my (right) shoulder. they sewed the ligament back together and put in 2 =etal pins. i can't do the charter so i am going home for 6 weeks, leaving =omorrow morning. after 6 weeks i will have another operation to pull out t=e 2 metal pins (in new zealand). i may be able to stop by new york on my w=y back to the boat (not sure yet).

Lots of love xxxxxxxxx Phil

got your mail babe. sent the money yesterday - let me know when it arrives. we are at the dock in virgin gorda for a few days. dave's friend who lives here lent us 3 hobycat sailboats so 7 of us sailed to anegada, had lunch and sailed back - 12 miles each way. sea was a little choppy. sunami + reef flew to lauderdale, lisa and stefany are also away.  
love, phil
