Winter, Blast frost ZR mid to end may, start June 2010 would meaning completion by end of July to Mid August. concrete slab needs 28days to cure

Only access to area is through front doors, which would mean building a ramp over floor etc, sealing hall area off.

Just thought you would like to have this done before your return to Zorro

Maybe Gary K needs to visit Ranch, to review , stucco, water, Betc?

Resubmitting estimate for the fountain installation at Zorro Ranch. Would recommend that we remove existing fountain and form base this year, Then in the Spring erect new fountain.

For your consideration
