You focused on your parents selling your dog. not the actions that led up to it and the role you played. IT is awkward because you have refused to look at the gauges, i have pointed your head,, asked professional s to tell you , frineds to encourage you, I have spent years , jumping up and down, asking how can i get you to look, you suggest that others are all paid by me so that they are misleading you re the instruments. telling you there are consequences that follow from ignoring the gauges, you consistantly choose to ignore all and follow how your feel. I have been and always will be a friend. You said you were not eva,
