thank you.. its time you start an education. 1. do not say FUCK to anyone except in bed. especaily not at the table. 2. you are 22, --only ask questions of men. they are not really intersted in your opinions until you are 30. and then only marginally, 3. I am very respectful that you have not been taught 21 century science. , so you can be forgiven in beliveing the world is flat. or the sun relvoves around the earth, or there are energy, fields. or you can get sick from air conditioning , or magnets can tell , what type of yoga poses to do, or santa clause exists. ,or if you think positive thoughts . positve things will happen, or things are meant to be. fate destiny . angels. I realize you have the potential to understand,, you have learned very old fashioned ideas that country people believe..its now time that you take your life seriously. actress / model , is not freedom. you have time,, try them on for size. look around, they are not free. winning the lottery is not a good strategy to bet on. start learning a skill, if you need help i will be there
