Jeffrey,
I spoke to Nicolas, who was in contact with Cleo this evening.
Cleo is in close relations with the Governor , he flies the Governor to St. Croix on a regular basis, according to Cleo, the governor told Cleo he has first rights to the space if he wants it. Cleo wants \$3,000 per month for storage of the S76 helicopter, this would include the west wall of the hanger to build office and storage space if desired. We could build the office on stilts, about 14 feet above the hanger floor like Air Center helicopter did and utilize the entire width of the hanger, so helicopter storage would be partially under the offices. This is only an estimate, but we would have approximately 16' x 50' feet of office / storage space. I need to confirm with Cleo, that his price would include Bell and Sikorsky storage, since he raised his price from \$2,500.

Upon our arrival Wednesday, I would like to show you the area of Cleo's hanger, so you can see in person the condition of the area.

Cleo said he would have Port Authority paper work by June 25 for Darren's review, this is still a viable option if you choose.

thank you,
Larry
