maybe i ll come i the end of august, before shows, cuz im gonna be in europe for now. looks like im going to St. Tropez with Richie next week..its gonna be so embarrassing there cause i dont look so perfect like other girls r gonna look..

And while in Paris i had few guys hitting on me. One Australian guy, i met with him a few times, then dinners and movies and one night he took me to the club and we were dancing together, and then he helped me to get a cab home and we were kissing on the street, basically he was kissing me..i wasnt that much into him. He is really nice and good looking and smart guy but the chemistry was missing, and he wasnt a good kisser and beside that i still have Richie in my head. Then this Australian guy asked me if he could use my toilette, but i said no...

And then this other French guy i met only 2 times at some party asked for my number but as u told me i said i apologize but i wont give it to u..bla bla bla...and he was trying so hard but i didnt want to. and then was eating lunch with my friend on a terrace and he was walking by, he stopped for a sec to say hi after he left...10 minutes after that some stranger came up to me and asked me if im [REDACTED] and gave me white roses, from this French guy...it was really nice and romantic but i still wont give him my number...

i dont know there is many men around me but i didnt find anyone who i would be really interested into...so will see
