Emad got a price for a 10 by 44 trailer stateside , \$14,000 and \$8,000 to ship to st thomas. Then to get it to lsj set up ,elect and voice data would be another \$15,000 .There is also a issue of where it would set and how to get a trailer that big up our limited access.

I would like for you to consider moving our office back to red hook and having a satalite office in the beach house to share with Brice.

Gary
