i am not focusing on something you did wrong,, i am frustrated that the things you agreed to do, don't happen== last night was a disaster , i have been supportive any time i can,, though i say no cheese four times and you produce cheese, or you refuse to excercise, but still expect me to live up to my side, . you had plenty of time,, you can tell the differnece between gucci prada or chanel but not between a cheese knife and a steak knife. everything you were involved with last night (except our movie) was childish, vulgar, cheap, and crappy. this is after you making a big issue about being given responsibility.. I'm sorry ,, your focus is goofy

There is only one clear reason why my nipple gets irritated- you deliberately try to hurt it by scratching and pinching continuously.
I am not trying to irritate you at all but if you continue to focus on finding something I did wrong I have no doubt you will find something to pick a fight

Think of me as your very irritated nipple. My reactions are severe in reponse to just one more tweak.
