Yes, this was sent when I was in NYC but I am sure you recall when I arrived in PB, it changed; you told me to forget about the cooking because you are on a diet and not to get involved in running the house because you wanted to have other people do it. You told me not to do anything just have sex. It is the weekend. I am not sure why exercise is highlighted. I do exercise 4 times a week (except when on my period) , I type at 60 and i didn't bring anything ugly to the house since. You were well aware sending me here to do intensive instrument school would keep me occupied virtually all day every day so reading another book during these 2 weeks is not doable. I can do that when I leave. Right now I have 5 instrument books and 20instruction dvds to watch before the test.

I would really like for us to stop arguing. I love you.
