lets try

On Mon, Sep 28, 2009 at 10:50 AM, story cowles [REDACTED] wrote:

The current lights in the tress are 100 watt halogen, with two on each tree. Joe Doran's suggestion would be to try to put lights on the trees in the palm garden(on the back side) closest to the house shinning down. Joe thinks that the combination of the ones on the tall palms behind the wall combined with ones in the palm garden should do the trick.

What do you think?
