Sorry, I didn't know you were here -don't be jealous. ,re art, I don't "collect" anything ,but ideas . ( sort of a cognitive cabinet of curiosities ). Nabokovs- ada or ardor sums it up-- He sought old masters , and young mistresses.

Did you enjoy meeting boris. Curious to hear your thoughts.

Its a shame you can't come down.

The best exhibit we saw was one done by a friend of ours from boston--delicate images of young sexy barely clothed women--hung in the bedroom of a seedy motel. You might have liked the pictures although don't know how you feel about asian girls. LOL. the context of seedy motel and girls girls girls on every wall was effortless provocation. .

Do u collect art? Having done a second degree in the history of art perhaps a better first question to ask is- what is art to you?

Your ball and chain is wonderful as it Is both decorative and I assume remains functional..

Not sure what the purpose was of the half day excursion. He was missed down at Art Basel. We get to see each other so infrequently that I hope you have a reasonably good story to support the last minute detour that ended up keeping me from seeing him today.
