my advice is to take a breath and deal with it up-front/ tell gordon the whole truth.. you are disappointed, however, his remaining in his position is untenable. he lacks support, and you do not want to be seen as anything but i true loyal subject. you would be being duplicitous to make believe there was not a crisis in the future. He knows you, if you go off on vacation and then the hatchets come in , he will know it was you , and you would have lost his and others respect.. YOU are super strong.. tell the truth,
