I have asked you to focus on actions , and true to form, you only do as you please.. you write " trying to understand" "feels he gives", " frustration. " "doesn't seem to like " , the only real actions you describe are me watching television. Ask yourself , why. why did he stay in the office. why. was it because the choice to watch tv, or to be bitched at or sit across the seat watching you play with your blackberry , was easy. I stayed in jail, to see you, I could have had [REDACTED] living at the house 24 /7. Describe what you did. I asked you to keep the house, make it pleasant for darren jean luc joe, , each one choose to stay away, saying that i would be very unhappy to see the lack of respect for things or people not to her liking. I have been home for months. ask yourself what you did to make it nicer.. I wrote an email asking for facials. you rub my head or feet, for ten minutes , thinking about something else the whole time, stopping in the middle , walking away. those are your actions, go to castings? learn something that would be useful, you chose flying. ,

I went through the emails. I see a girl who is desperately trying to understand what her boyfriends actually needs from her and who is trying to hold on to the relationship with a man she loves by doing all the wrong things. And her boyfriend who loves her but doesn't seem to like anything about her; who feels he gives a lot and doesn't get enough in return. And i see a lot of frustration and negativity on both sides.
