what was your understanding of our deal,, was it not that if you started to complain the deal was off.. how was my saying the food was bad , and that you should have asked jl what he wanted as opposed to putting something that neither one of us would eat , under plastic on the kitchen counter. a breaking of our deal.. I never mentioned exercise, I never said anything about the past.. I think you are having your period and are not thinking straight... The idea that you would accuse me of trying to stop your flying after i specifically said ok today, is difficult to understand
