I am concerned that your focus is still on what you didn't get. not what you did get. no inkling of warmth , caring, only i didn't get. no acceptance of the part you played. you make no connection to an inordinate amount of my saying if you don't contribute , you shouldn;t expect to receive . YOu have said that after a month you still need more time with [REDACTED] to even make a proposal for change. Take as much time as you need, in the past you have suggested we transition (your words). I think we should agree on the details, in case our latest attempt fails. i have spent a great deal of time re reading our correspondence. It is not a pleasant read. I write over and over that i love you , and do not understand how you continue to ignore my needs. you write over and over that it is a new girl thatvis now in the way. and that is the reason for x not happening. I would like our story to have a happy ending. (no pun intended) . you said that one time i didnt let you read because i wanted you to help [REDACTED] you ask me if i want food, in the morning and when hearing no, decide that must mean for the whole day or week- you point to flying as now somehow , i am stunting your growth with a selfish motivation, as opposed to realizing that you have flown over a hundred hours. had help at every turn, but when asked what you do other than things for yourself , suggest instead of answering , that it is the question that is the real problem. As a compromise to your needs , I have had one meaningless conversation with you after another, It is not me , i can't talk about the weather, or what tiger woods did, or what [REDACTED] thinks. I'm not sure what is driving you , if it is anger. jealousy, fear, On dec 4, I sent out your scripted email to [REDACTED] without question, and like many other things that i have done ,merely to placate you, set aside my principles, in an effort to once again demonstrate my commitment to you. and in return---?
