the entry way we were only supposed to remove 5 trees,, no more i thought i made it clear,, who planted the trees by the tiki,, did stephen oversee, it.. it is a mess, this is very upsetting,, i wanted a way to tie the vegetable garden together with the tiki, i was told i would see a drawing,, three times i said not to remove more than the five trees that were in line with the dock,, please move the wall back by the entry so that the line from the dock is straight to the mechanical wall. any quesitons i will send a drawing. when we planted the tall trees by the vegatable garden it took three days to make sure they were in the right palces.. these are the wrong size , wrong layout, no communicattion, they don't tie to the bottle palms, i don't understand how this happens. I have been asking for photos since i left. please call [REDACTED]
