Ive had time now to read you email. that describes , how much you gave up . with little acknowledgement of what you gained. Though you promised not to encroach on my freedoms , agreed to many tasks , and now seem to think it is I that did not live up to your expectations , I think you should look at your friends that followed their paths. [REDACTED] Im surprised that you think they have had the better time , not leaving what they had and given up their careers.
