The more I express how much I like it the more you use it to control me.. lets see- control-meaning.. stop nagging, asking you to be helpful, asking for my own space and time, .. LETs see, I transfered money to you, I help you with my pilots and advice. I sent you away , is the way you see it.. I;m sorry. its all about you.

I did...we have been through this already. It is the reason I came to NYC.
This is not the first time I am telling you about the school. You already said it was a good idea and I should do it, so it seems silly to now go through this dance every time I mention it; 'Oh, I just found this school that i think would be useful. I would like to attend this school > I think it would be helpful, meaningful, I really enjoy flying and I think i would benefit from it. And what a coincidence - it's in New york and I could have started today..'
I already said thank you, I already said I appreciate the flying very much but it seems the more I say it, the more I express how much I like it, the more you use it to control me. You sent me away from Florida so I go to a flight school somewhere else but I've been now sitting in the apartment for 3 days with nothing to do. and since you couldn't respond yesterday without picking on how I word the question instead of an answer, I am wasting another week. it is not fair
