1. rick - house arrest... can't deny because of bad press not fair.. we have not had any one call him (to ask favors or apply pressure), we will return to status quo if asked,, or he can champion house arrest program kneisly when we told him about the harrassment said that we would have house arrest at the end of march. medical reasons. we have done everything we were asked,, (waited until after the the election etc). . we have paid over 100k for deputies, , i haven't gone for a walk in six months, they wake me up five times a night. - we will take an apt-. i will sleep in the office, i would use my house as my office so they don't have to change status, - i will keep deputies.
2. i would like to address the outstanding make harman question today or tomorrow
