Jeffrey,

The shipping cost will remain the same.

Shall I make arrangements to have this machine inspected.

Please advise

Thank you

Jeffrey,

Brice and I have disused all the details to purchasing the used gradall and asked me to request approval.

The total cost delivered to St. Thomas is \$ 40,000. Pending a mechanical inspection which will cost \$ 200.

The purchase price is \$ 38,000 delivered to the port and shipping is estimated at \$ 2,000.

If you approve I will make the arrangements to get it inspected.

Please advise

Sincerely

Emad Hanna
