Lawyer version

" Dear Debbie,

Do by attempt to contact me in any way including email, phone or in person. I have been advised that a US Federal warrant for your arrest has been issued and your case is now with the US Marshals Office for action. I am legally bound to assist them in any way I can and I will do so. Be advised that the specifics of any attempt to contact me will be sent immediately to my attorney who will notify the US Marshals Office and proper authorities for their disposition. Regards,"

my version

Dear Debbie, Rhiannon or whatever you name really is,

I have always been a friend to you , and in that vein must now request that you do not attempt to contact me again. We have been advised that there are both federal and state arrest warrants for you. I have been advised by counsel that if contacted again I must and I will contact your probation officer in montana, and if necessary , arrange for you re-arrest. I wish you no harm but am duty bound to carry out the law.. BLAH BLAH BLAH
