I went to this funeral yesterday and had to stand for 2 friggen hours. Did not have the nerve to ask the ancient wasps to get up for me. Then went to lunch reception and stood for another 2 hours....no friggen wasp chairs.

This, after sitting in a friggen SUV for 3 hours in the pouring rain on the way out and sitting another 2 hours at dinner.

This morning in swim class I was a bit lame and the wound is warm...  
I am in this walk in clinic right now for a check up- I know Jews don't walk in anywhere...but it's wound care.

Will call after.  
Never a dull monemt
