You were going to take care of .... You didn't ,,,,,, you didn't ...you didn't  
What should I say ,you do not to what I ask and then say tellme something else to do so that I may add it to the list of what I will not do. That seems odd

The fact that you have yet to be helpful is always dealt with - you are just trying to start a fight . No concrete response but an attack . I wanted to talk to tins before you saw her so that you could sat these things to her. You have yet to deal with it . Your suggestion about dealing with [REDACTED] was typical. -- you have no facts just your perception of what happens at the office but feel you have an answer .I love you -- why don't you tell me how helpful you have been -or is that also going to be seen ad an attack
