Jeffrey,

With your approval, I would like to proceed with ordering these solid brass marine grade fixtures for the Office Pavilion terrace ceiling.

They are similar in looks as the ones over the dining table, see photo, but are of a superior quality.

Please see attached photo of:

- Proposed fixture, cast brass with bronze patina
- Existing fixture, installed on terrace above dining table here on LSJ
- Green patina on LSJ hinges

They will arrive new with a bronze patina, but it is guaranteed that they will have a green patina with our environment.

They use an MR16 low voltage light as the existing.

May I approve and order these?

Regards,

Silvina
