Hi Jeff,

Murray just invited myself, Isabel, and Christine to celebrate his 80th birthday at the Santa Fe Institute in mid September. It will be three days of celebrated talks. Would you be interested in attending?

Also, you once mentioned something about a property in that area and us visiting. Do you have a place for us to stay? If not, we can find someplace I am sure.

Thanks.

P.S. Christof pushed his visit till the weekend after this one, and so, we will call you then.

Until then, good cheer.

Are you having a party when you are out? Do we get invited? ;-)
