steve,, i think you should call gaguer,, i have been perfect. My girlfriend [REDACTED] has only come to see me at visitation. Mike asked that she not come to the office, and she never has,, I get to see her once a week at visitation.. for an hour.. not only has Captain Allen, decided that every night when i come in in addition to strip searching me, once,, then walking me down the corridor only to be frisk searched again. as if that is not enough security, . then having people shake down my cell.. THIS is clearly all overdone but within their rights,However, as I said this Sunday, like last Sunday, I get threatened by an inmate, however this Sunday the inmate [REDACTED] brother, ([REDACTED] we ran his license plate followed [REDACTED]) she had waited an extra twenty minutes before leaving , because she had noticed him following her inside, , but then he waited and followed her in his car ( she got the license plate number , thats how we know it was the brother.. PLease Ask Mike if Jack should talk to Rick for House Arrest, -recall, jack never spoke to him,, or at a minimum can i now have sundays out. Thanks
