Dear Jeff, I want to start by saying , that these past few days being around you and listening to you have really got me thinking! You have really inspired me to look for quality in everything I do in life and have fun doing it ! You came into my life at such a crucial time and I already feel more confident and more ready to attack the world. I'm going to leave with mom tomorrow back to nyc. My voice teacher is waiting there for me. I spoke with [REDACTED] and we would both like to come back at the end of May and put on a little show for you. Could we get an upright piano in the office ? Thank you for taking the time out of your day to open my eyes to the next chapter in my life (getting all the tools in the tool box). Xxxx [REDACTED]
