Hey,

I appreciate your understanding, I will seek to keep my things completely out of my work with you. Best for me not to talk about my issue with Peter during your massage, thats why I e-mail you. ;)

Hey, I am looking to address my foot problem asap as I have an audition the end of August I want to be fit for, plus it is painful and this is a sign it needs to be addressed. I will not ask you again, but do you think you can be of help? I have enough people say things, I am now learning to be more direct and ask. If not, fine, but I ask, please, do not say things you do not intend to do...I get further saddened by continual let down. Yes, I am strong, and also very human. The only way I can be so sensitive in my work is that I am very sensitive! ;) And please appreciate that there is a great deal of energy that goes into my work and only because I take such good care of myself am I able to give as I can...not many can say the same.

Looking forward to seeing and working with you this evening! Am trying to get a sense of your lower back...it feels very aloof, sleepy or avoiding...trying to get a sense of how best to support, help it, you!

With great care,

[REDACTED]
