**Subject:** Dock ladder

Jeffrey

The Dock ladder that was ordered matches the spec of the original Swing Down Dock Ladder, except it is 7 step with 4" step width.

swimming pool ladders do not meet the spec of the original ladder.

I asked carlos to research this he was familiar with the original ladder purchase.

At the time Emad was traveling back to STT after been away for thanksgiving.

If you wish we will try and cancel the order.

Brice
