Subject: Re:

i think you are right.
feeding individuals in an exponentially (or faster) growing population
is like trying to extinguish fire with oil

they need food and education
(the latter would make them reproduce less)

joel cohen at rockefeller might be an expert on this topic.

I would like someone to run population scenarios,, my sense is that if you feed the
poor in africa , you will be creating a very serious problem for the future without
new food resources.
