Good morning Mr. Epstein my original punch list of 9 East 71st street was modified and changed into the to do & to buy list requested by Story, due to too much information on the original punch that you requested not to see. Then Bill Murphy put all the to do lists on the citrix program. I will update all new mechanical projects and work pending to the Citrix (To Do list) on Monday I do not have access to citrix from my home computer. I will also add additional items for future projects that you may also want to address. attached is my 1st to do list sent to Story. Thanks Richard.

Hi Story the house is up and running this is a list of work pending and some mechanical work that needs to be addressed and some equipment that needs to be purchased. I would need Mr. Epstein's input on what personal items that he would like to purchase such as HD TV audio equipment or personal comfort products. Thanks I hope this helps Richard.

Good morning,
JE would like a detailed "to do" list from everyone regarding the upcoming change in July. He would also like a list of things that need to be bought in each location to get each house up and running. He has put me in charge of getting this list from everyone. Sorry if you have already received something regarding this. Please compile your lists and send them to me as soon as you can.
Thanks,

Story
