Subject: GIV

Jeffrey,
Darren Rothell and Luis Beck are going to walk away from the Botswana GIV,.
Jack Pruitt is the broker, when Darren refuses the plane, Jack will re list.
They have till Friday 5pm to except the plane or refuse,. The plane is located
at Private Sky in Fort Meyers Fl,.There are many uncertain costs that are hard to
estimate,.

- Plane is 4.5M
- Engines 1.5M not to exceed, however excessive heat or corrosion is extra money,
which could add a lot.
- Interior/floor plan price un-known at this time.
- \$750,000 for 5000 landing inspection,.
- Paint \$140,000

Just checking if there is interest before Darren releases plane for Jack to
market again?

Thx,

Larry
