Title: Ken: Need to talk to you

I am at home [REDACTED]
Will you talk to Jeffrey Epstein?
Tina Brown is going after him in Newsweek.
Alexandra Wolfe (Tom's daughter) is writing.

All coming from Daily Mail in London trying to discredit Prince Andrew and his business relations with Jeffrey and finance ministers worldwide. Jeffrey thinks it's coming from Rupert.

Andrew spent a week at Jeffrey's New York home....they were photographed in Central Park and shopping on Fifth. I helped put a small dinner together for JF/Andrew during that stay in JE's home.

Can you help? Peg
