the email you showed me last night was also after ----- months of an explicit agreement (you telling me you decided that though you had raised the sex involvement previously you decided that things as they were fine and specifically said so), I did everything I could to enhance your career /life.

then you broke our agreement, gave me an ultimatum, one week before a trip that had been planned for months, and left me without viable alternatives . My trip was made extremely difficult by you as you put it (I changed my mind).. Even after that , as always I try to give you another opportunity as I think your flying is admirable and important for your future,, I made it crystal clear that , as I just had another run in with your change of mind/ moodiness that I would not accept , any whatsoever excuse for another bad mood, etc. you point to your email where you ask that I be friendly and not cold , ignoring once again your actions in making my Africa trip difficult, (though I met face to face with you to try to explain , hear you out, .) . I again reiterated that I was done with excuses / I've heard them all.. you couldn't help yourself , (I understand that) . you couldn't control yourself (I understand that).. but I also have made it clear that I have only good feelings towards you but want no more of your attitudes , moods. negativity, In a nasty tone you told me you didn't know the girl's name, nor did you care. I told you that I thought you should leave the island as early as possible , but you stayed until 10 . I was surprised to see you , as I had hoped you would have spent time with Larry as I requested at the hangar. I have no advantage whatsoever in letting you ever fly me again. In that regard , (flying , you are easily replaceable) . I am willing out of a sense of loyalty , to let you fly, but will accept not one iota of a problem , a problem that I will not have if anyone else is in the co pilot seat. Your attempt to explain to me for the umpteenth time why you again feel justified, fell on and will continue to fall on deaf ears. your question re obedience or originality , is a binary question that is not well posed. I tried to be a good friend,, you decided to give me a take it or leave it after months of agreement on a trip. I do not hold it against you. I will let you fly , If you choose not to , that is also ok. I will remain as friendly to you as you are to me.
