Jeffrey,  
GII is at Gulfstream PBI now, all went well,.  
Should I make a reservation at Gulfstream in Long Beach for tentative prebuy, and schedule it around your possible Long Beach visit? This way you could see aircraft before they remove any interior components. Scheduling at long beach may only except aircraft late in February which would work in our favor in case your not satisfied with interior layout, and we could bow out of purchase.

Just planning ahead if you think its wise

Thx  
Larry
