Hi Jeffrey,

because you share the name with many other Jeffrey epsteins -- so your name is diluted.

Integrity has all your public profiles (about 13 of them). I will ask how they can optimize them.

Hi Jeffrey,

Please see below. They have also started deoptimizing your name with the bad links.

Cecile is sending me new images and the .org site user/password today.

Hi Christina,

As per our conversation, we are establishing a blog and recycling information pertaining to the science information. We will also be backlinking information to other sites in order to strengthen the existing links. If you have any pictures or information that is not already on the web, you can send that to me. The process will take some time before we see any real movement due to the high profile links that are on the first page.

Best,
Leslie

a quick summary of what you are working on.

I will send you new images and press release shortly.
Will also work on getting access to the .org site.

Thanks.
