Hi Jeffrey,

The integrity team are working on your case. I sent them the complete list of your public profiles and domain names etc.

Only thing I can't access is your .org site. Shame because it comes up on the first page. I need either the visa that was used in 2010 to purchase it from Host gator or the email address of the purchaser. Email ended in either [gte.net](#) or [marconnewmedia.com](#) could you search your email database?

Will forward you an update on their progress shortly.
