Jeffrey,  
Long Beach facility has immediate availability to start prebuy, estimate time is 2 weeks down time, depends on repair of items found during prebuy.

I will have formal firm quote from Long Beach Gulfstream later tonight, budgetary numbers, here is what I have learned:

Full complete Gulfstream GIV prebuy cost \$75,000.00  
included for the \$75,000 below:

Gear Corrosion inspection \$25,000.00 is option, included in the \$75K  
prebuy airframe and engines \$50,000.00  
includes: Aircraft Test flight for systems and autopilot operational checks  
done with Gulfstream Test pilots.

- borescope of engines and APU
- full airframe and engine inspection
- full Service bulletin and AD log book research

please advise if Darren is to contact Ken Hart with your approval to proceed to contract?

thank you,

Larry
