Sorry, one more question about my application:/ there is a question " Has your education ever been interrupted or affected adversely for reasons other than deficiencies in conduct or academic performance? If yes, please describe. "

Here's my response: "Due to a dictatorial regime in my country of Belarus where human rights violations constantly take place, I have no longer felt safe, free and have seen no potential for growth. I left my country after I had finished the fourth year of my education in Dental School and moved to the USA where I am seeking political asylum." Should I mention asylum you think?
