no soil for anything except the sod on top of the hill next to the pool,, First I am told that we cannot store sod as it must go on the ground immediatlye,, then there are 3 pallets of sod left on the beach for over a week,? get two truckloads and mix it will sand to make it harder. to stand on. the last thing i would do would be to add topsoil to blue beach.. it is crazy.

Good Afternoon,

I need approximately 15 trucks of topsoil, = 375 cubic yards

For:

- Raising the level by main compound pool
- Covering The rock fill material by "Blue Beach" By the old dog house.
- North side of Sea Wall (NE point)
I need soil to be able to landscape there
- Finally to fill More garden beds
For "Pop's Garden" expansion

The cost is \$35 per yard (delivered)
25 yards per truck
15 total trucks

Total Cost = \$13,125

If you approve this purchase we can start having the soil delivered, so we can finish our projects.

Please Advise.

Thank You,

Igala
