Re my calendar, Yes, I have had issues through transition. After switching to Apple and dealing with the Blackberry not syncing with the calendar I switched to the Iphone. Then I had issues with the calendar where I was inputting information and it disappearing a day later. Scott worked on it for me but still had issues. I now only use the web based version of the calendar and things seem to work well no matter what computer I am on. But bottom line, it was not a perfect transition. I am truly very sorry this all happened and have put a reminder in for the next 30 years to remind you of your re-registration in March for the VI and the possibility of you having to re-register in FL if you are in FL in the month's of January or July. Darren is still working on giving me info for NY.
