Jeffrey,

Marvin would like to know if you are flying back to NY or Boston on Sunday?

With warm regards,  
Cecile

Good morning Ms. Brennan,

Please accept this informal response to your November 28, 2011 letter (with plan and cost layouts) to Virgin Islands Port Authority ("VIPA") with request to expand the approved Cyril E. King Airport ("CEKA") "fueling area" for TWC, LLC.

Your request has been forwarded to appropriate VIPA staff for due consideration and action.

Once a final determination is made, VIPA will notify TWA, LLC accordingly. I will remain involved, including follow-up with said VIPA staff and as directed in-house, as to our deliberation and decision in this matter. I will also maintain direct communication with TWA, LLC's point person in these affairs, Larry Visoski; so that these matters can move forward in as smooth and timely a fashion as possible for an agreeable conclusion. (For quick reference, I have attached said November 28, 2011 letter, etc.)

Best regards,

Walter L. Challenger, Jr.  
Property Management Officer  
Virgin Islands Port Authority
