Good Morning,

You told me you wanted a gravel path, through the grass to connect to the stairs.

The weed cloth must be placed, and the gravel on Top of it Before, the grass is planted.

Otherwise you will constantly have grass growing up through your path, making it a maintenance problem

And compromising the look and function of the path.

This is the same way we made the path between the flagpole pool and The info center. That is the way it is done.

im not sure why , my instructions are not followed there is not to be a path in the library area until after the grass has grown in.. this gravel path is a waste and wrong. take it out. I have said this five times. at least. the tree planted near the pool is and noth side is shorter and does not match. please change it,
