My dear Jeffrey, how are you?

I had a dream last night. you and me sitting with my head down on your shoulder on the end of the earth, looking at the endless, gently blue distance and talking talking without any words! suddenly i say... 'Jeffrey, i know why we can make it! because we are both Aquarius!' :) it was such a beautiful dream which gave me a wonderful mood!

Thank you for visiting me in my dream! Thank you for your being in my life!

I am very grateful ..

biggest hug

lots of love..
