Dear Jeffrey,

Thanks for your note.

1. Gardeners: I am trying to get hold of one of the previous caretakers to check;
2. Basement installation: As the courtyard needs to be redone to re-align the levels, the best access would through the courtyard as you suggest. I would guess that the basement spaces on the street side extend to the front terrace boundary thus making an opening relatively straightforward.
3. Entrance: A mid sized removal van can make it through the door in reverse. I imagine heavier/larger equipment would be lifted over the front section.
- 4 South Africans: Happy to discuss. We do a fair bit of hotel asset management - which are just big houses really!

I have reached out to BIA yesterday and am awaiting their response. Are you still in Paris next week?

Best

Keith
